

BECAUSE EACH BLADE OF GRASS AND GRAIN OF SOIL  
IS PART OF YOUR MASTERPIECE

# Bio 800<sup>+</sup> Golf

An organic plant probiotic, HGX Pro Bio 800<sup>+</sup> Golf charges the soil with over 800 species of microbes to:

Improve playability

Improve fertilizer efficiency

Build stronger plants that better tolerate stresses

Develop root architecture

Promote swifter recovery time

Develop soil health

Orchid Island Club In Florida has seen a 60% improvement in CEC, reduced severity of disease and better root development.

## APPLICATION RATES

Hyper Inoculation Rate	14 oz per 1,000 sq ft. Use every 4-8 weeks during the growing season. Use the hyper inoculation rate on the first application or on problem areas.
Maintenance Rate	7 oz per 1,000 sq ft. Use every 4-8 weeks during the growing season.

## ADDITIONAL TURF AND ORNAMENTAL PRODUCTS

### Bio 800<sup>+</sup> Turf

Organic, microbial soil amendment that:

- Reduces fertilizer and pesticide use by up to 75%
- Builds soil health
- Boosts root architecture

Ideal for: Lawn Care and Landscape

### Bio 800<sup>+</sup> Golf

Organic, microbial soil amendment that:

- Improves fertilizer efficiency
- Improves turf resilience against stress
- Develops soil health

Ideal for: Golf, Sports Turf

### Bio 800<sup>+</sup> Tree & Shrub

Organic, microbial soil amendment that:

- Develops stronger, more vigorous plants
- Boosts root architecture
- Reduces fertilizer and pesticides by up to 90%

Ideal for: Landscape, Nurseries, Greenhouses

### Bio 800<sup>+</sup> Bloom

Organic, microbial soil amendment that:

- Improves heal in during planting
- Develops more plentiful and more colorful blooms
- Boosts root architecture

Ideal for: Landscape, Nurseries, Greenhouses

### Blue Sky 21-0-0

60% slow-release nitrogen fertilizer with microbial food sources that:

- Provides color 2-3x longer than standard fertilizer
- Nurtures steady growth in turf

Ideal for: Lawn Care, Golf Course, Sports Turf

### PreBiotic 30-0-0

Stabilized nitrogen fertilizer that:

- Builds a thick turf system
- Provides a pop of green color

Ideal for: Lawn Care, Golf Course, Sports Turf

### Granular 2-4-3

Organic, granular fertilizer infused with soil microbes that:

- Develops soil health
- Boosts root architecture

Ideal for: Landscape

### Granular 7-9-5

Granular fertilizer infused with soil microbes that:

- Builds a thick turf system
- Fosters seed germination

Ideal for: Lawn Care, Golf Course, Sports Turf

### Granular 10-3-2

Granular fertilizer infused with soil microbes that:

- Builds a thick turf system
- Provides a pop of color

Ideal for: Lawn Care, Golf Course, Sports Turf

### Plant Start 2-4-3

Organic, granular fertilizer infused with soil microbes including high populations of *mycorrhizal* fungi that:

- Boosts root architecture
- Develops stronger, more vigorous plants

Ideal for: Landscape
