

Boost Your Hemp Yield and Quality!

By harnessing the power of over 800 species of microbes, Holganix Bio 800+ Tree & Shrub is an organic solution that delivers:

- Yield
- Root Depth & Density
- Optimized Nutrient Use
- Stress Tolerance

Application Rates

Weekly Applications

1 Gallon Per Acre

Bi-Weekly Applications

2.25 Gallon Per Acre

Application at Planting,
Clone or Seed

5% Solution in Water

What Do Our Customers Say?

"We have increased our yield and harvested more CBD per square foot!" - T.B., Oklahoma

"After using Holganix Bio 800⁺ on our clones during root-in, our clone losses are now less than 1%!" - Alec, Colorado

How Does Holganix Bio 800⁺ Work?

Microbes stimulate healthy growth in plant foliage and roots.

Microbes convert and release nutrients (plant food) to the plant.

Microbes promote the plant's tolerance to stress including weather and disease.

Microbes balance the soil ecosystem, providing a healthy habitat for a healthy plant.
