

Holganix Granular Products

The Desert Willow Gold Course in Las Vegas, Nevada uses Holganix Bio 800+ Golf, Holganix Granular 10-3-2, and Holganix Granular 2-4-3. They report improved rooting and reduced inputs such as water and fungicides.

Looking for a simple solution to **boost turf color, thickness, and soil health?**

Holganix granular fertilizers are crafted with soil microbes, carbon sources, and nutrients to:

- Build thick, green turf
- Develop root architecture
- Nurture soil health and stimulate microbial activity
